

# How to tie your belt! (One of many ways)

**1.** Hold a short section of your belt to one side.

**2.** Wrap the belt around yourself

**3.** Bring both ends in front of you

**4.** One section should be on top

**5.** Tuck the top section underneath

**6.** Pull

**7.** Fold top part down

**8.** Top section over bottom section

**9.** Tuck top section through hole (basic knot)

**10.** Pull tightly. Looking down, label is on your right.
