

Congratulations!

on your recent promotion to **Probation Yellow Belt**, being the first coloured belt in the Wilkes Martial Arts system. You have proven yourself competent in the basic techniques and therefore, are now ready to learn about more practical applications with a partner.

As there is contact in these drills, you **MUST** have **approved** protective equipment. These are correctly weighted gloves, shin guards, and a mouth guard. Males must also wear a groin protector.

The following brands have been approved by the WKA and our insurance company: **Intrepid, Morgan, and SMAI**. These brands have been extensively tested by the Wilkes Instructor team over many years and offer the best protection, quality, support, comfort and value. They also come with a 6 or 12 month warranty. For safety reasons, other makes and models have not been approved by our insurance company.

Grading celebration offer:

Purchase ALL of your sparring gear at once and get **\$50 OFF** your training bag (Retail at \$ 139.95).
